

CLINT SMALL IN BOLD TALK AGAINST CRIME

Charges Attorney General With Allowing Gambling

MANY HEAR TALK

Comes Back Home To Tell Folks About Campaign

Senator Clint C. Small, candidate for Governor, spoke to a large audience of home folks in Amarillo Monday night, presenting his platform in the most forceful speech that has been delivered by any candidate in this campaign, and then tearing into his opponents exposing the weakness of their platforms, and revealing their weaknesses as candidates.

Senator Small predicted that if West Texas will stand with him as the voters did four years ago that South Texas and East Texas will help elect him Governor.

Attorney General Allred was flayed in a most vigorous manner in his refusal to enforce the criminal laws of the state. The Senator charged that saloons and gambling joints are running wide open in many cities of Texas, and that one is within a few doors of the Allred headquarters, but the Attorney General has taken no steps to close these joints.

Senator Small ridiculed the platform of the Attorney General, as to lobbying and the fight on utility rates. "He makes these vague charges because no votes are involved."

The Panhandle candidate is the only candidate in the race who has come out against legalized horse racing in Texas, and the sweep of gambling which has followed the various race meets. "Texas cannot drink itself back into prosperity, nor can we gamble ourselves back into prosperity," declared the Senator. "Why is it that the Attorney General has refused to close the book making joints in Texas which are taking thousands of dollars away from the people who gamble," asked the Senator.

"The Attorney General is the only official who can stop lobbying, if the lobbyists are breaking the law," stated Senator Small. "Why has he not stopped them?"

Church Leaders to Lead Fight Against Legalized Gambling

Demand that the legalized horse racing bill be repealed has been started by leading preachers and laymen of Dallas, Fort Worth, Houston, San Antonio, Corpus Christi, Amarillo and other towns in which race horse betting has raged since the bill was passed by the last legislature.

Candidates for Governor, Attorney General and the legislature will be asked to state their position in regard to the repeal of the menace.

Senator Clint Small, candidate for Governor, is the only candidate who has come out against the gambling evil which exists in the state.

Dr. Frank Norris announced from his pulpit Sunday night that he had wired and sent a registered letter to the Attorney General demanding his attitude on gambling, but had not been favored with a reply. Dr. Norris highly praised the one candidate for Governor who had nerve enough to come out on this question.

Mrs. Geo. Johnston Gets Rehearing Case of \$125 Court Fine

The Court of Criminal Appeals at Austin have reversed and remanded the case against Mrs. George Johnston, who was fined \$125 under the charge of driving a car while under the influence of liquor.

The case will be taken up again in the August term of the district court. Phrasing of the indictment was the basis for the reversal of the case.

Joe M. Moore Is Candidate Office Lieut. Governor

JOE M. MOORE

Senator Joe M. Moore of Greenville was in Canyon Friday morning for a short time, visiting with friends, and meeting the voters.

"I stood for the educational program of the state, and have always been your friend," stated Senator Moore. He spent an hour at W. T. looking over the plant, and meeting the faculty members and students.

"I am not attempting to make speeches in this campaign, and it is unfortunate that the people pay so little attention to the office of Lieutenant Governor," stated Senator Moore.

S. F. Rose Makes Announcement for District Attorney

Basing his campaign on a platform of uniform enforcement of all laws, speedy trials for all violators regardless of social position, proper preparation of all cases before trial to reduce the number of reversals upon appeal, and his personal attention to all problems of the office, S. F. Rose, Amarillo attorney, has announced as a candidate for the Democratic nomination for the office of district attorney, 47th Judicial District.

Mr. Rose's statement in full follows:

"I hereby announce my candidacy for the office of district attorney of the 47th Judicial District of Texas, in and for the counties of Potter, Armstrong, and Randall, subject to the action of the Democratic primaries.

"In making this announcement, I am aware of the duties and responsibilities of such office and I feel that the voters will not expect me to make mere statements that should be taken for granted. My experience in the trial of cases, and their preparation, has given me the training and knowledge of law and procedure necessary to prosecute all cases in an intelligent manner and to properly represent the state and at the same time give due regard to the legal rights of the defendant. Too often the poor and unfortunate are given the speedy trial guaranteed by the Constitution and are subjected to vigorous prosecution, while more influential persons may be favored by delays and the trial, if any, results in a mere sham battle.

"It shall be my purpose to see that all cases are tried with dispatch and with due regard to the saving of the state's money, when (Continued on page three)

Wheat Harvest In County Practically One-Half Complete

About half of the wheat in the county has been harvested, and the balance will be finished before the Fourth of July if the weather stays open.

In the Canyon section of the county the yield is light owing to the continued drouth. O. D. Bragg and A. T. Case have both reported 14 bushels to the acre yields on part of their wheat.

Other yields run from 8 bushels down to practically nothing. The southeast section of the county is having some good yields, with an occasional field yielding as much as 25 bushels.

W. E. Bennett states that in the northeast section nearly all of the farmers will have a little wheat, but that the yield is running light.

The test on wheat received in Canyon is running high, with a grade of 60 and 61. No harvest in recent years has had as favorable weather conditions as experienced this year.

THOUSAND NEW BOOKS ADDED TO LIBRARY

Call Made Upon People of Canyon For More Books

LIBRARY IMPROVES

Increased Numbers Are Taking Advantage of Library

Books and magazines are pouring into the public library since the canvass of Canyon began, according to Miss Fannie Malone, the librarian. The canvassing committee was to visit every home in town by the end of this week. It is believed that a thousand books will be added to the library.

A number of volunteer workers who can do simple typing are needed for a few hours work in the library. Miss Malone asks that any typists who are willing to give this service to the community to see her between the hours of 2 and 5:30 any week day at the library.

College students are using the town library daily to supplement their work on the campus. The library will be open during the Fourth of July vacation, and Miss Malone invites those who remain in town to acquaint themselves with it. The library will be closed July 4th.

Many girls from 10 to 14 years of age are visiting the library daily, and more books are needed for them.

The average number of visitors per day has jumped from 30 to 40, with 50 readers not uncommon.

Changes Made In Offices at Palo Duro CCC Camp

Captain Gibson of CCC Company 1821 is retiring this week after having served one year in this service and is being replaced by Captain Percival, who comes from Oklahoma City. Lieutenant Riddle of Tulsa will assist Captain Percival in this company.

Captain Cohn has been transferred from Company 1828 to Stillwater, Okla., after serving here since the first of June, and Captain Hager has again assumed command of this company. At the present he has no assistant, but it is rumored that Lieutenant Ody, who was formerly with 1821, may return to the company.

Walter Woodward Makes Short Stop in Canyon Friday

WALTER C. WOODWARD

Senator Walter C. Woodward, candidate for Attorney General, visited for an hour here Friday morning, meeting a number of friends. He did not attempt to speak, but shook hands with a number of citizens.

"I find that the people of this section are extremely friendly toward me," stated Senator Woodward, who has lived at Coleman for a number of years.

Senator Woodward was very friendly toward the educational institutions while a member of the State Senate.

Mrs. R. A. Campbell Funeral Is Held At Presbyterian Church

Mrs. R. A. Campbell, aged 72 years, died Friday night at the family home in Amarillo, following an illness of several months. While pioneer settlers of Randall county, Mr. and Mrs. Campbell have lived in Amarillo for the past 12 years.

The funeral services were held Sunday afternoon in the Canyon Presbyterian church, conducted by Dr. R. Thomsen and Rev. E. B. Fincher of Amarillo, assisted by the pastor, Rev. Chas. Dickey. Interment followed in Dreamland Cemetery.

The active pall bearers were Wilson Campbell, Labon Campbell, Roy Campbell, Henry Campbell, Newton Harrell, and Ed Reynolds. Surviving is the husband, R. A. Campbell of Amarillo, a son, R. L. Campbell of Wildorado, and a daughter, Mrs. Bob Stratton of Borger.

Mrs. Campbell has been a devoted member of the Presbyterian Church for many years. She was a prominent member of the Order of Eastern Star, which fraternity assisted in the services.

SELLING IS ACTIVE

Farmers Culling Their Herds Under Drouth Program

The emergency drouth cattle buying program is under way in dead earnest in Randall county.

About 1600 cattle have been bought up to yesterday evening with about the same number listed for sale that will be appraised as soon as the appraisers can get around to them. From two to four appraisers are working every day. Actual buying started about ten days ago. A number of checks have already been received.

No definite closing date for the buying has been set. It is hoped that it will continue long enough for every farmer in the county to sell his surplus cattle who does not otherwise have a market.

Farmers whose checks were mailed this week have expressed appreciation and some surprise at the prompt payment.

The buying is under the direction of County Agent W. H. Upchurch, who has been made county director of this part of the government's plan to give the cattle owners some immediate relief. Appraisers appointed by the county agent for Randall county are Clyde McElroy, W. E. Bennett, T. V. Slack, L. J. Fulton and E. C. Robinson.

The scale of prices paid is set by the government.

Postoffice Choice Likely Will Be An- nounced This Week

Canyon will likely have a new postmaster during the coming week, according to announcement of the Civil Service Commission in letters sent to the various applicants for the place.

Names of those passing the highest grades have been certified to Congressman Marvin Jones, who is expected to make a choice within a few days.

John Hornsby Here Sunday in Interest of His Candidacy

JOHN HORNSBY

Senator John Hornsby of Austin was in Canyon Sunday afternoon for two hours meeting a few friends in the interest of his candidacy for Lieutenant Governor.

"I have always stood by the educational system of Texas, and took pleasure in supporting the appropriation for the education building and the museum building for W. T.," stated the Senator.

"Every man running for Lieutenant Governor has served either in the House or the Senate, but I am the only one who will be in the legislature next session, as I have two years yet to serve," stated Senator Hornsby.

In starting the campaign, Senator Hornsby made the unique suggestion that the six candidates for this office travel together and hold joint meetings, but the idea was not adopted. He believed that in this manner the people would take more interest in this important office.

S. A. Shotwell Pioneer Business Man Died Sunday

S. A. Shotwell, aged 82 years, died Sunday night at 11:20 o'clock at the family home following an illness of several months. The family has lived in Canyon for 40 years, with Mr. Shotwell engaged in business until a few years ago, retiring on account of poor health.

The funeral services were held at the Methodist Church Tuesday morning at 10:00 o'clock, conducted by the pastor, Rev. J. O. Quattlebaum.

Mr. Shotwell has been a member of the Methodist church for many years and was a member of the I. O. O. F. lodge.

Surviving are five sons and five daughters: Aron Shotwell of Los Angeles; R. L. Shotwell of McAllen; Elmer Shotwell of Breckenridge; Hugh Shotwell of Perryton; Frank Shotwell of Pampa; Mrs. W. A. Evans of Amarillo; Mrs. Ed Amey of Amarillo; Mrs. W. J. Hill of Bushland; Mrs. M. R. Leatherman of Dallas; Mrs. W. H. Carr of Hereford; three brothers, Joe Shotwell of Gainesville; George Shotwell of Dallas; Jim Shotwell of Gainesville; and two sisters, Mrs. Ella Ballam of Fort Worth, and Mrs. Arthus Bodell of Dallas.

Three Candidates Fail to Place on Primary Ticket

Monday was the last day for making payment of primary election fees in order to have the names of the candidates printed on the primary ballots for the July 28th election.

Three who had filed for places on the ballots withdrew from the race by the non-payment of the primary dues.

Worth A. Jennings had filed for county judge on the last day for filing, but decided Monday to withdraw from the race.

Fred E. Wortham had filed for Justice of the Peace, but owing to the fact that he will be away most of the time in the Clint Small campaign, withdrew from the race.

J. W. Turner had filed for County Commissioner, precinct No. 2, but did not pay the ballot fee.

Candidates must file their election expenses between June 28 and July 3.

The primary ballots will be ready for absentee voters on July 8th.

HAD OPERATION

Ray Ford Rusk was taken to Amarillo Monday for an operation for appendicitis. He is reported to be improving very nicely.

BIG PROGRAM IS BEING MADE FOR JULY 4TH

Rodeo Will Be Staged Five Days at the Palo Duro

FORMAL OPENING

State Officials Will Come For Program At Park

Construction was begun this week on the rodeo arena at the Palo Duro Canyon State Park for the Leonard Stroud Rodeo which will present two performances daily for the grand opening of the park 12 miles east of here, July 4th to 8th.

The celebration and ceremonies lasting for five days at the opening of the Palo Duro Park will climax a series of official openings for six other state parks. The Stroud rodeo has been playing as the featured entertainers at the opening of these other state parks.

General preparations for accommodating the thousands expected at the Palo Duro Canyon, will be completed this week.

Stroud and his congress of World Champion Cowboys and Cowgirls promise five days of outstanding rodeo performance for Panhandle people with shows at 2:30 and 8:00 p. m. daily. Cowboys of Texas, New Mexico and Oklahoma are expected at the Palo Duro Park to participate in the contests, winners of which will be awarded hundreds of dollars in cash prizes.

Bronc riding, wild steer riding, Brama steer riding, calf roping, bareback bronc riding and steer wrestling contests, together with fancy and trick roping and fancy riding exhibitions are on each program. Leonard Stroud will present his educated horse, Chief, in dancing numbers, and another horse, Black Diamond, will perform his famous human hurdle over an automobile loaded with seven passengers.

Tin Horn Hank Keenen of Hollywood, Calif., clowns at each act of the rodeo and occupies the entire arena with some of his acts. Owner of one of the few trained bucking horses in the country, which he uses at each performance, Tin Horn, has been able to draw for himself the major portion of the applause of the crowds at the other state park appearances. Several Thousand Palo Duro Folders Printed by Emory

The Chamber of Commerce has received a thousand folders of the Palo Duro State Park through the compliments of Fred A. Emory of Chicago, who represents the Byars Bros., former owners of the park land. The folders are being placed in Canyon, Amarillo, Denver, Chicago and Austin, and will be distributed through various Traveling Bureaus.

Mr. Emory is doing everything in his power to advertise the Palo Duro over the nation. Tommy Elliston has received a talking machine record of a 20 minute lecture on the Palo Duro which was written by J. Evetts Haley, and read onto the record by Mr. Emory. The pictures of the Palo Duro and this record are being shown in every town of Northwest Texas by Mr. Elliston.

Fred E. Wortham has assumed his duties as publicity director for the Park, and has been sending out considerable information regarding the big celebration which will be staged next week, as well as other news regarding the Park.

Smith's Golf Team Trounces Walshmen By One Match

Bill Smith and his team defeated the men led by Andy Walsh in the Sunday match tournament, eight matches to seven.

Thirty men participated in the tournament held at the Canyon Country Club. Smith and Walsh chose the members of their teams.

The winners will be the guests of the losers at wiener roast to be held soon.

The voters assume rather foolish attitudes regarding their vote for a state official, especially their vote for Governor. A few people in Canyon are picking out votes which Senator Small has cast during his six years as State Senator, and using them as an excuse for opposing him. During the past six years Senator Small probably has voted nearly 10,000 times on pending legislation. Who would expect that every one of these votes would suit any individual in Texas? Senator Small admits that he has made mistakes, and would have voted differently if he had known certain facts at the time the bills were pending. He voted against his own relief law as it was amended, placing the \$20,000,000 immediately in the control of the Governor; but supported the bill after safeguards had been placed in the bill. He voted against his own moratorium bill as it was first amended because he believed it was then unconstitutional, but supported the bill after it had been revised so that it has since passed the courts. It is absurd to expect any man to vote on legislation for six years and cast every vote so that it will suit every person in his district. The honesty and sincerity of purpose back of the man's vote is the only thing which counts in legislation.

Chas. K. Needham, former publisher of this paper, has an interesting comment in his Grinnell (Iowa) Register: "Some of the men who have clamored for show girls in fig leaves, and who have preferred shows with bath room and bed room scenes with snatches of nighties and pajamas are souring on the whole undress business since the he-men of the pictures have taken up the idea of stripping down as far as possible and up to the G string on every possible excuse. The men don't care a thing about looking at these glorified gorillas in the raw, and they are getting fed up on having their own anatomy compared with that of some movie hero. In other words, the tables seem to be turning and the women have a chance to get even on this comparison business. Since Tarzan began his swing over the country movie men have aped his style more or less. In fact, they are aping him more and more and appearing in less and less. Before long there will be a society organized by the men demanding pants on the men in pictures even if it means a few more clothes on the women."

Funny thing about politics. The voters get all hot and bothered about the Governor's race, without realizing that the Governor has very little to do about legislation unless he is in complete accord with the legislature and has a legislature which will work with him. In other words, all of the voter's attention is directed to electing the Governor, forgetful of the fact that the legislature is the real law-making body. The official which has more to do in passing legislation and regarding whom the voter generally pays little attention is the Lieutenant Governor. Three candidates for this office have visited Canyon. They complain, and rightfully so, that the voters pay no attention to them. Yet the Lieutenant Governor appoints all committees of the Senate, and may appoint members who are favorable or unfavorable to pending legislation. Besides, the Lieutenant Governor might become Governor in case of removal or death of the Governor. It pays to consider well the man who will be your Lieutenant Governor.

A few years ago about the only argument made for college attendance was that it would increase the earning powers of the student. The depression has shown the fallacy of the argument, as education does not insure any one a good job when the economic stress hits. But college attendance has increased in spite of the fact that no college can insure its graduates a living wage when he finishes. The people have found that the educated man has a better chance to enjoy life than the uneducated. He may or may not have a chance to make more money, but he can put to better use the money which he does secure. That the colleges are growing in spite of the unusual depression indicates very clearly that their program of cul-

tural development has been fundamentally sound. The depression has wiped out, or badly crippled those institutions which are not making returns upon the investment.

Starting July 1st bank deposits up to \$5,000 are guaranteed by the government. This should return to circulation every dollar that may have been in hiding. The present guaranty law of deposits up to \$2,500 has done much to restore confidence in the banks of the nation. The increase of guaranty will cover practically all depositors. No one denies that there were too many speculative bankers during the golden days of super prosperity. The safe and sane ones have withstood the depression. But the thousands of bank failures caused the public to have its faith shaken even in the sound institutions. That period is over. The government has taken stock in practically all of the banks, and is placing more rigid restraint and supervision around all banking institutions. The period of bank failures have passed, and even should some few fail, the depositors will not suffer.

In the Literary Digest vote President Roosevelt is shown to have the following of all but one state in the union so far as approval of a majority of his acts is concerned. Prohibitionists to a man would have voted no, if they had taken only his stand upon this one question. Yet, practically all prohibitionists will endorse his honesty and sincerity of purpose in asking for repeal. Had he not made a personal appeal, repeal of the 18th amendment would not have been put over so quickly. While many of his other acts are seriously questioned by other people, yet they believe that he is making a super human attempt to pull this nation out of the depression. Sincerity of purpose is the greatest thing that may be said of any public official.

Over in Oklahoma the printers are demanding that the unions desist in their attempt to force all state candidates to have the union label on their printing. Union printing shops perhaps comprise not one-tenth of the plants of any state, yet the unions have so badly scared the candidates that they are afraid not to have the few union plants do their printing. This is a great loss especially to the country shops of the nation, many of whom are much larger, and are much better equipped than some of the city shops which have the union label. If the Texas Press Association wants to open a red hot subject, just tackle this one for the printers of Texas.

The News has been visited during the past week by four candidates running for state offices. Every one of them told how Clint Small was gaining all over the state, especially in South and East Texas where there are no sectional candidates to consume the interest of the voters. In two straw votes taken in East Texas towns, Clint Small was the first choice of the voters.

More newspapers in Texas are supporting Clint Small than any other candidate for Governor, and the number is not confined to West Texas. Many of the leading daily and weekly newspapers of the state are actively supporting the Panhandle Senator.

News in Canyon 25 Years Ago

(Taken from the files of the Randall County News of June 25, 1909)

The News printed the first major special edition ever attempted. The edition comprised 28 pages, all hand set, profusely illustrated, and printed on heavy book paper. R. A. Terrill was editor of The News at that time, and Dan K. Usery a member of the force.

Citizens who are now living in Canyon and whose pictures were printed in the edition were: Dr. S. L. Ingham, Mr. and Mrs. W. F. Heller, O. A. May, and John Knight.

Several thousand extra copies of the edition were printed and distributed over the United States, as the land boom was in full swing at that time, and land prospectors were coming here by the train loads.

An excellent history by word and picture of Randall county up to that time is shown in the pages of this edition of The News.

Elaborate Program Of Play

Every Other Week Is Feature Night

Nights Arranged For Summer

Friday, July 6, Play program—everybody plays.

Friday, July 20, Feature program—Rodeo.

Friday, August 3, Play program—everybody plays.

Friday, August 17, Fite Night—boxing, wrestling, etc.

In announcing the dates for Play Nites, Coach Baggett stressed the fact that the programs will continue through each year, the dates for the fall term being announced sometime in September. The first play night was scheduled for Friday night, June 29, but due to the Big Donkey Baseball Game, Thursday night, June 28, it was postponed until July 6.

The entire student body will play on the first Play Night, and the Physical Education Department will put on a special program on the following Friday. In other words, every other Play Nite will present feature programs.

Friday night, July 20, the feature entertainment of the summer session is scheduled. There is to be a big rodeo with the drug store cowboys of the school riding, or attempting to ride, steers, mules, brones, etc. It is rumored that there are numerous vaqueros, bronc riders, cowboys, or what have you? in W. T., and the public should certainly see just how good our "Sons of the Trail" are.

These programs will be held in Buffalo Stadium under the big lights with a promise to everyone of a good time. We all like to play and, if you come to the first one, dollars to doughnuts you will not miss a single play night.

Listen, Eds and Co-Eds, if you

have never witnessed a Donkey Baseball game, you haven't seen anything yet! If you think it isn't funny to see a player attempt to herd, urge, drive, coax, or carry one of those long-eared, four-legged animals after the ball when an opponent is riding home with the winning run, you are badly mistaken. If you don't laugh until your sides ache, come and tell the players and they'll buy the drinks. All kidding aside, though, don't miss the Big Donkey Baseball Game. It's the age old national game under different sittings—and what sittings they are!

this can be done, and, at the same time, give due protection to society in the enforcement of our criminal laws, availing myself not only of the help of the grand jury investigations, but making use of other probing methods provided by law.

"While I believe that all laws should be uniformly enforced, I realize that some offenses are more dangerous to society than others. I shall not limit my activities to the well known and common types of offense such as theft, burglary, forgery, etc. I believe that more stress should be placed on such crimes as the taking of human life and other offenses directly touching the morals of our citizenship, especially those of our young men and young women. The district attorney should not require the peace officers to make the entire preparation of his cases, but should, himself, intelligently prepare each case for trial so that there might never be an acquittal by reason of the absence of testimony which might have been obtainable.

"One innovation I shall make in this office, if elected, is to prepare each case in such a manner as to guard against reversals on appeal. This can be done; first, by the intelligent preparation of each case so that no improper testimony is offered, nor improper conduct indulged in by the district attorney, second by seeing that the record as prepared and filed in the trial court is fair to and protects the state as well as the defendant; and, third, by briefing and properly presenting to the Court of Criminal Appeals each case after it reaches the appellate court. This would materially cut down the number of unnecessary reversals, and result in a great saving to taxpayers.

"I have practiced law continuously in Texas for 14 years, seven years in Dallas and seven years in Amarillo. I am a home-owner and a taxpayer. I am a native of Tennessee, a graduate of Vanderbilt University Law School, a Methodist, and have always supported the Democratic party.

"When the United States entered the World War, I left the university and enlisted in the United States Marine Corps and served with these forces during the period of the war.

"It is my purpose, of course, to try to conduct a clean campaign and to attempt to call upon as many of the voters, personally, as I can.

"Your consideration of my candidacy is earnestly solicited."

Mrs. Herschel Coffee was taken to an Amarillo hospital Saturday for medical treatment.

WEST SIDE CLUB

ENTERTAINED YESTERDAY

The spacious home of Mrs. A. N. Burgan was converted into a lively workshop on Wednesday when a number of ladies met to work on the West Side Club quilt. Mrs. J. Spencer Knight, formerly of the West Side Club, but now of Amarillo, made a beautiful pansy applique quilt top and presented it to the club. Mrs. Oscar Hunt of Canyon, designed the pattern for quilting. It will be completed at one more meeting and later sold and the funds placed in the club treasury. The work is most beautiful, and the ladies have enjoyed the meetings together.

Refreshments of caramel ice cream and cake were served to the group by Misses Wilma Price, Kate Donnell, Virginia and Obara Burgan.

Besides the club members who have helped, the club is indebted to the following ladies: Mrs. J. Spencer Knight of Amarillo, for the top; Mrs. Oscar Hunt of Canyon for the designing; Mrs. A. N. Burgan for her untiring efforts, and the following ladies for the beautiful quilting done: Mesdames J. M. Brietling, J. W. Ballard, J. T. Service, J. E. Roberson, J. E. Greenfield, A. E. Brown, Henry Cone, Gertrude Wade, I. N. Hix, Leigh Bull, J. H. Braswell, Emma Foster, I. C. Jenkins, Miss Maye Warren of Canyon, and Mesdames G. H. Hardman, W. B. Smith and J. W. Spencer of the Edgetown Club.

Please watch for further announcements in regard to the sale of the quilt.

DAUGHERTY'S ENTERTAIN CLUB FRIDAY NIGHT

Mr. and Mrs. J. Madison Daugherty graciously entertained the Tuesday Night Club at their home Tuesday night of this week. Their spacious porch was lighted and adorned with bridge and table lamps and roses, where four tables were placed for bridge.

Refreshments of cheese salad with hot luncheon rolls, potato chips and nut rolls with punch were served. Punch was also served during the evening.

Guests were: Mr. and Mrs. Joe Black, Mr. and Mrs. W. L. Pearson, Mr. and Mrs. Hud Prichard, Mr. and Mrs. W. E. Miller, Mr. and Mrs. A. K. Goodman, Mr. and Mrs. H. W. Hartman, and Mr. and Mrs. A. L. Walsh.

CABE-WHITE

WEDDING ANNOUNCED

Ralph Cabe and Miss Margie White announced their marriage last night which took place in Amarillo on December 31st.

The groom is the son of Mr. and Mrs. H. W. Cabe of this city, and the bride is the daughter of Mr. and Mrs. Otto White.

The wedding had been kept a secret up until yesterday.

College Band Will Play Concert Friday Evening, 7:30

The first concert of the summer for the Buffalo Band will be played Friday evening at 7:30 o'clock in front of the administration building, according to announcement Monday by C. E. Strain, director.

The concert will be followed by the Minstrel show which will be put on by the negroes of the CCC camps for the benefit of the College and County libraries.

FLOWER SEEDS WANTED TO PLANT AT THE PARK

J. B. Elliston asks that all citizens who have flower seeds to save them for him. He wishes to plant flower seed along the creek in the Park as a part of the program of beautification.

Mr. Elliston is clearing a large number of picknick places along the creek, which are in constant use.

Mrs. J. A. Brewer and son, Fred, of Dalhart were visitors this week with her daughters, Mrs. Lee Foster and Miss Marcelle Brewer.

Highly Praised By Those Who Saw It Presented at Camp

For the first time a real Negro Minstrel is to be given at the college, scheduled for Friday, June 29, at 8:15 p. m. in the Administration Auditorium. The entertainment, presented by negroes from the CCC camp, is under the auspices of the Library Club of W. T., headed by Miss Tennessee Malone, and in order to aid both the Randall County and the College libraries, a small admission of ten and fifteen cents will be charged.

Given Before
This minstrel was given some time ago at the Palo Duro Camp where a few college people were greatly entertained by it. Upon that occasion, 60 negroes were transported from Amarillo in the army trucks to witness the proceedings.

Personnel
As a whole, the cast has not had previous stage experience with the exception of the dancers. The director, a man by the name of Robinson, is a graduate of Prairie View Normal, who evidently knows what it takes to make a minstrel successful. Roseborough, the pianist, is exceptionally talented in music, and has traveled with professional minstrels.

Program

The opening chorus is a group of popular or semi-popular songs sung by the entire group. Following are features of regular buck-and-wing dancing by two negroes of past stage experience, and negro spirituals sung as solos or in chorus. There are a number of short dialogues, one of which, called "Dr. Sharp," is reported as being especially good. The end-men jokes are made more than usually entertaining by the local color scattered throughout, and it would take a most unresponsive audience not to get the spirit of the hair-raising ghost story told in a negro's own style. Providing greatest amusement, however, is a giant negro who shows himself to be an artist in a comedy role and keeps the audience vibrating with merriment throughout the entire performance.

It is expected that students and town's people will spend an evening of real hilarious enjoyment at a real negro minstrel put on by the "real stuff."

Visitors in the home of Mrs. Joe Service the past week-end were, Mr. and Mrs. Carl Robinson and daughter, of Knoxville, Tenn.; Custer and Tracy Service of Oklahoma City.

Here's Terse Discussion of Golf and Baseball Topics—On Dutra, Open Champ; Hurst, Cubs' New First Sacker; and Vaughan, a Second Hans Wagner

BY PHILIP MARTIN

BIG Olin Dutra, California's favorite golfer, seemed to be at the very peak of his career two years ago when he captured the national P. G. A. championship at St. Paul. Fate held still greater success in store for the 33-year-old Castilian-Portuguese from Monterey, however, and he crowned his accomplishments by annexing golf's greatest crown, the United States Open.

In his fifth try for the coveted title, the dashing Don triumphed only after a brilliant finish. With only two rounds to go and eight strokes behind the leader, Olin uncorked a spectacular brand of golf, finishing with a 293, just one stroke ahead of Gene Sarazen, who pulled up in the place position.

Dutra, now king-pin of our golfers, made an early start in the pill swatting business, totting bags over the Del Monte course when he was 9 years old. His brother, Mortie, also a well-known golfer, started at the same time.

Olin later sold sporting goods, but gave it up in 1924 for a job as golf pro at Fresno. From Fresno he went to Brentwood, where he has held down a position in the same capacity for the last seven years.

Dutra has three good reasons for winning championships—Mrs. Dutra, 10-year-old Patricia Dutra, who, by the way, gives promise of becoming quite a musician, and his son, Gerald, age 8. Gerald doesn't play golf as yet, but when he does he will be well tutored.

ACQUISITION of Don Hurst, slugging first sacker, by the Chicago Cubs in exchange for Dolph Camilli probably means that Charlie Grimm, who holds down first base in addition to managing the Bruins, has reached the end of his playing days. Henceforth he will do his directing from the cool confines of the dugout.

Grimm has been afflicted with a severe case of lumbago since the start of the season, and his work around the initial sack suffered as a result. The presence of Hurst, who is expected to snap out of a prolonged slump, in the Cub lineup adds an even greater batting punch to the heavy-hitting gang of Grimm,

King-pin of the United States' golfers is Olin Dutra, left, Pacific coast pro, who won the National Open. Upper right is Don Hurst, Phillies' first baseman, traded to the Chicago Cubs for Dolph Camilli. Hurst is figured to hit plenty for Grimm's team. Floyd Vaughan, Pittsburgh shortstop, lower right, is said to be the classiest short fielder to come along since Hans Wagner.

and should greatly enhance their chance of copping the National League flag.

FOLKS around Pittsburgh way are hailing Floyd Vaughan, brilliant young shortstop of the Pirates, as a second Hans Wagner. Even Honus himself is glowing in his praise of the 22-year-old Arkansas lad. In fact, Vaughan's success is largely due to the tutelage of the Flying Dutchman.

There never was the slightest doubt in anyone's mind that the

kid could hit, but he was decidedly mediocre as a fielder, committing 46 bobbles last year, more than anyone else in the league.

Honus took young Floyd in hand this year at the spring training camp, and Vaughan proved to be a very apt pupil, developing into the outstanding player of the Pirates' training tour.

At present he is leading his mates in scoring runs, as well as being near the top in the hitting department.

New Officers of Rotary Club Are Installed Tuesday

Dr. Vet Ingham reviewed the work of the past year of the Canyon Rotary Club at the luncheon Tuesday, and introduced the new officers who will serve during the coming year. Dr. Ingham expressed in a very feeling manner his appreciation of the work of each member as the work has been carried forward during the year. The club has grown in numbers and in interest during the year, reaching the largest number which has ever been attained by the club.

Dr. Ingham expressed his appreciation to the women of the Presbyterian Church for the splendid luncheon which had been prepared, and to the members who had made the programs interesting.

Officers installed by Dr. Ingham were: Bob Jarrett, president; Irby Carruth, vice president; Harry A. Brown, secretary-treasurer; Lee Johnson, Walter Upchurch, Burt Newlin and Dr. Ingham, directors.

Bob Jarrett named the committees which will serve during the coming year.

Visitors present were: Arthur Osgood and B. E. Masters of Amarillo; J. L. Naylor of Panhandle; Dr. Alonzo Myers of New York; Joe J. Mickle of Eastland; H. A. Watson of Lubbock; Bob Jarrett, Bob Cox and Cliff Jarrett of Canyon.

Bill Smith called the Rotary softball team to practice Monday for the game at the College Play Night on July 6th.

Al Baggett announced the Donkey baseball game to be played to-night at the College at 8:30 o'clock. It is sponsored by the Canyon Athletic Club, proceeds of which will go to the erection of the new recreation hall. Coach Baggett announced that Play Night would be postponed until July 6th, and would be a regular event throughout the summer.

No meeting of the club will be held next Tuesday owing to the Fourth of July holiday.

Dr. Myers is completing a tour of inspection of a number of western colleges. He noted three improvements over his trip of last year: 1. A great increase in attendance; 2. more teachers being placed; 3. salaries being restored. He believes there is a great improvement in educational affairs.

Enlistment in CCC July 1st For New Six Months Period

Recruiting of ex-service men to fill the vacancies of the CCC ranks will be closed June 30th, in order that all companies may start the July 1st period with full ranks. Major E. A. Kingsley states that 80 men will retire from the Palo Duro service, having served for one year in the CCC companies.

J. B. Fowler, Post Adjutant of the local American Legion, urges that Randall county ex-service men who wish to join the CCC organization make their application at once to Read Johnson, Manager Veterans' Administration, at Dallas.

Certificates of merit are being issued to veterans who are leaving the CCC service. About 25,000 of these will be issued over the nation.

There are 270 camps working in state parks under the supervision of the state park division of the National Park Service, headed by Conrad L. Wirth. In the national parks are 100 camps, under the supervision of Mr. Cammerer.

The certificate is 10 1/2 inches tall and 8 inches wide; printed on heavy white paper. Tint-printed in the background in a soft olive drab is a crayon drawing from life of a CCC boy in great coat and galoshes, walking in the snow at a state park in New York. It was done by a P. W. A. artist, L. R. Gustavson, of Westport, Connecticut.

Over-printed in black engraver's Old English are these words, written by Fanning Hearn, National Park Service technician, who designed the certificate: "By this all will know John Jones served his country well as a member of the Civilian Conservation Corps, that magnificent Army of Youth and Peace that put into action the Awakening of the People to the facts of Conservation and Recreation; and that with all honors he completed his tour of Duty at Palo Duro on June 30, 1934."

The signatures of Mr. Cammerer and Robert Fechner, director of Emergency Conservation Work and Commander-in-Chief of the Conservation Corps, are printed at the bottom, opposite spaces for the signatures of the camp superintendent and company commander.

THE GARDEN OF PALO DURO

There's a stately sunken garden Nestling down among the plains, And one marvels at the wonders Which appear like endless chains.

Its majestic walls and statues Are carved of wondrous stone, Reposing there so quietly Yet grandly, all alone.

Stones of many forms and figures Greet you as one enters there, And how the sight inspires one Down in the garden fair.

What a privilege to be there And scale that sculptured wall, To gaze upon the beauty And the splendor of it all.

Upon the wings are tinted Designs of many hues, The gold, the silver, Nature's green, The red, the white, the blues.

There's the "Light House" and "Cathedral," There's the Sentinel Peak, true, The Dutchman's face, the Indian, But we are not nearly through.

The "Glorious Vision," the "Camel's Back," The "Devil's Tombstone," too, Where the funny little faces Peep out at me and you.

There are numerous little caverns, Which hold deep mystery, Their stories and their legends Are told in history.

Thru the center of this garden Is a winding, golden lane Where sweethearts meet and plight their troth And sing love's old refrain.

We love its rills, we love its stones, We love its flowing river; We love its flowers, its cactus, too Its many trees of cedar.

This is the garden so sublime, The one God planted there, 'Tis the garden Palo Duro, Among the plains so fair.

Donkey Baseball Game Tonight - Buffalo Field

Students of the West Texas State Teachers College and Canyon people are being offered Thursday, June 28, at 8:30 p. m. the most unique entertainment of the season in the form of a Donkey Baseball Game. This feature is being sponsored by the Canyon Athletic Club which will meet the Rock Pile All-Stars (meaning college boys whose chief occupation is gravel shoveling) on the Buffalo Field with an admission charge of ten and twenty-five cents. The donkeys are used to the game, even if the boys aren't, having been trained for this particular purpose.

Rules of the Game

So that the fans might join the players in riding the umpires, who by the way are "Knee-Action" Kleinschmidt and Sheriff Whitman, the rules of the game have been submitted.

1. All players are mounted except the pitcher and catcher.
2. There are nine players on each side.
3. The game is played with a soft or playground ball.
4. The game plays five innings.
5. The batter is on the ground until he hits the ball; then he mounts the donkey and rides to first base (if he can).
6. No whips or sticks are allowed on the donkeys. Each donkey is trained for his place.
7. No person at bat is allowed to strike out. He must ride the donkey.
8. When fielding the ball, the

player cannot take over one step from the donkey. He must ride up to the batted ball, dismount, and throw it to any teammate. It is best to throw to the pitcher as he is on the ground. No base player is allowed to be on the ground when fielding the ball.

Personnel of Players

The Rock-Pile All-Stars, with Sugar Cain as playing manager, boasts such other notables as Pop-Eye Smith, Red Holston, Rags Taylor, and Horse-Trader Lee, all of whom are wild mule riders. Apollo Flowers, Jumbo Williamson, Whoopin' Meek, and Tim Daugherty will also be a-top the beast as will Pete Clements, Dynamite Champion, Gorilla Duncan (going to Heaven on a Missouri mule), Pud Thompson, Slew-Foot McMinna, Hen-Pecked Harper, Brother Slow-Motion Bob, and Slick Taylor.

The Canyon Athletic Club has gathered such an array of performers as Heavy Jarrett, playing manager, Story-Teller Shaw, Prexy Hill, Singin' Bill Smith, Long Leg Cole, Stuffey Cox, Dinkey Burrow, Jew Hartman, Saw Bones Neblett, Congressman Warwick, Ex Fry, Popper McCormick, Rat Terrill, Pretty Boy Trolinger, Bull Dickey, Sober Bill Black, and No-Error Laughery.

Court, providing there should be any left after the injured players have been attended to. There will be no reduction in admission charges to those person bringing stones of ten pound size, according to the boys, as the courts are to be built of native stone. Sheffy Brings Novel Display Back From Trip

Coverlet Made of Silk
Handkerchiefs Is
In Museum

Among the unusual loans recently secured by Mr. L. F. Sheffy, Head of the Department of History in his trips over the Panhandle, is a coverlet made of silk handkerchiefs which has been lent to the museum by Miss Mary Keith of Matador. The handkerchiefs are pure silk woven very much like brocade. The history of the coverlet is quite as interesting as the coverlet is unique.

On Christmas day, 1889, each of the original cowboys of the Matador Ranch made to Mrs. D. E. Keith, wife of the owner of the Matador Ranch, who also served as a mother to the boys, a present of a pure silk handkerchief on which was embroidered his initials. Upon her death Mrs. Keith willed the handkerchiefs to her daughter, Miss Mary Keith of Matador. In 1922 Miss Keith made the handkerchiefs into a coverlet.

This spread is now on display for a short time in the museum. In the same case are pictures of Mrs. Keith and her husband, and some of the cowboys. One of the most beautiful of the handkerchiefs is a white brocade one. An effort is being made to place the name of each of the cowhands on a slip of paper by the initial with which it belongs.

Another display secured by Mr. Sheffy is a case of guns lent by Mrs. A. Dumont of Paducah. The guns were presented to Mrs. Dumont's husband by the Thirteenth Legislature in 1873 for his bravery in an Indian battle in a county in southwest Texas. Mrs. Dumont, who came to the Paducah country in 1877, was the first white woman in that section of the country. These displays will be in the museum for a short while only.

T-ANCHOR POOL OPEN TO PUBLIC

Swimming Free To College Students On Mondays

Work has been completed, for the time being, on the T-Anchor Lake, and it is now open for general admission. The pool is located on Spring Draw not over a mile north of town on the Canyon-Amarillo Highway.

K. E. Livingston, who is in charge of the pool, assisted by Gerry Roberts, has announced that new equipment, including a new diving board, a sixteen-foot tower, a raft, and a pier, has been built and placed there. Shallow water has been marked by ropes for the convenience of those who cannot swim. Dressing facilities have been provided for both men and women, and brick walks have been constructed.

Admission to the pool will be ten cents per person, or a season ticket may be bought for one dollar. The proceeds, except those necessary to pay operating expenses, will go to the College. Each Monday college students will be admitted free of charge.

PLAN FOR FOURTH OF JULY AT PALO DURO

Several views taken in the colorful Palo Duro Park, during a recent horseback expedition into the depths of the gorge, are shown above. (1) Archaeologists declare these rocks to be primitive Indian grinding mills. The holes, which can be seen in the top of the stones, are smooth and perfectly round. Several such primeval relics are found in the canyon. (2) This balanced rock formation is known as the "Devil's Tombstone." Centuries of erosion have left the large stone balanced in mid-air. The formation under this rock is a veritable rainbow of beautifully blended colors. (3) Horseback parties under the direction of an experienced guide are able to ride over 30 miles of bridle trails built by the National Park Service and see many formations not visible from the road or the rim of the canyon. (4) Imposing peaks, easily accessible from the canyon drive, are a delight to hikers and students of geology.

The new Palo Duro Park, developed by the National Park Service and the Texas State Park Board, will be formally opened to the public with an elaborate 5-day celebration July 4, 5, 6, 7, and 8. Chambers of Commerce throughout West Texas are joining with Amarillo and Canyon to assist the State Park Board in promoting the event.

D. E. Colp, chairman of the Board, who will participate in the opening ceremonies, said that high state and National Park Service officials will attend.

Rodeo Planned

One of the highlights of the program is a wild west rodeo to be staged daily under the direction of Leonard Stroud. Other features will include the following special days in which citizens of hundreds of towns throughout the Panhandle Plains area will participate:

July 4: Dedication and citizenship day. The State Park Board will dedicate the Park. Following will be political speeches, all candidates are invited and each will be permitted his own rally—the park is big enough for all; band concerts, National Guard, American Legion and Veterans of Foreign Wars activities. Rodeo.

July 5: Church-Sunday School Day. A one-day combination of Chautauqua, convention and picnic. A massed chorus selected from the entire territory will be a feature of the day's program. A full orchestra will be presented along with other entertaining features. Program under direction of John Josey. Rodeo.

July 6: Goodnight Trail Dedication, Pioneers' Day, Boy and Girl Scouts gathering. Rodeo.

July 7: Civic Clubs Day. All civic clubs, Federated Women's Clubs, Business and Professional Clubs of the area are invited to meet at the Park on this day. Rodeo.

July 8: Palo Duro Canyon State Park Day. A day filled with interesting events and especially set aside for picnic parties. Rodeo.

Provide Amusement

Naturally most interesting to all visitors will be a drive into the heart of the Canyon over the new road which has recently been constructed by the National Park Service. The rugged vastness, the unsurpassed natural beauty of the canyon walls, and the interesting formations, the like of which can be found nowhere else in the world, join to make Palo Duro Canyon one of the show places of the nation.

According to D. E. Colp, preparations are being made to accommodate 100,000 visitors during the formal opening. The State Park Board is making provision for amusement and refreshment concessions, and, according to Mr. Colp, prices will be reasonable.

Bob Cox Comes to W. T. As Assistant to Coach

Bob Cox, star fullback, for the past two years on the Duke University football team at Durham, N. C., arrived yesterday to assume his duties as assistant to Coach Al Baggett in football, basketball, and track, as well as instructor in Physical Education. Bob takes up his duties with a shy smile and a determined look in his eyes as if to say—"We are not talking now, you will hear from us next fall." "Our Bob" seems to get his determination from Coach Baggett for when things look impossible, the big coach says, "Well, let's start, find how things shape up, and then see what can be done." He starts in such a way that in a short time the impossible is accomplished. Cox is made of the same stuff and should be a credit to this school.

Bob has been under Coach Baggett's coaching for four years. One year at Vernon High School, one year at Wichita Falls Junior College, and two years at Amarillo College. He was captain for two years at the latter school. Under Baggett he has gained a thorough knowledge of the Rockne style of football, and, with his two years of football at Duke University under Coach Wade, where he acquired the short punt and single wing-back, Bob is well qualified to fill his newly acquired position.

Cox comes to West Texas from Duke University where he made a fine record in his two years with Coach Wallace Wade's "Blue Devils." In addition to making a high scholastic average and serving on the publications board at Duke, Bob was high scorer of the conference with 69 points. He was also selected as fullback on the Associated Press All-Southern conference team, the All-South Atlantic team, the All-State team, and was given honorable mention on an All-American selection. Besides being a fine passer and all-around player, Bob had the fire and drive to pile up a season's average of three yards gained each time he carried the ball. He, also, served as signal caller, directing the team from the fullback position during the past football season at Duke.

Bob comes from Duke with the praise of Coach Wade, Dr. W. P. Few, president of Duke, and everyone with whom he came in contact while in school there. He is

a likeable fellow, makes friends easily, and is a hard, conscientious worker. With the above mentioned qualifications, Cox should go a long way in the coaching profession.

The student body as a whole, and especially the football players, are enthusiastic over Cox's arrival, and everyone predicts great things for W. T.'s athletic teams in the future.

HOW BIG A LUBRICATING JOB CAN A QUART OF OIL DO?

HERE is a record of motor protection and low consumption that conclusively proves how big a lubricating job a quart of oil can do. Six strictly stock cars, with one fill—five quarts only—of six different, nationally advertised motor oils were run to "destruction" at the Indianapolis Speedway under AAA Supervision. Under exactly similar conditions the cars were operated until their motors failed. Here is the result: Oil No. 4 went 1713.2 miles; Oil No. 6 went 1764.4 miles; Oil No. 5 finished 1815.9 miles; Oil No. 1 completed 2266.8 miles; Oil No. 3 totalled 3318.8 miles. Oil No. 2, New and Improved Conoco Germ Processed Motor Oil, piled up the amazing total of 4729 miles! That was 3000 miles farther than the first oil to go out, and 1400 miles farther than the last oil to fail.

Such demonstrated superior qualities of greater film strength, ability to withstand increased heat, resistance to dilution—such proved performance should guide your future oil purchases. Be safe—look for the Red Triangle Sign.

9-year-old son, Tin Horn Jr., one of the leading juvenile rodeo stars works with him through the show.

Hon. D. E. Colp, chairman of the Texas State Parks Board, his staff from Austin, several members of the Parks Board, including former governor, Pat M. Neff, are expected for the opening program of the "Scenic Wonder of Texas," the 15,000 acre park of surprising scenic canyons, comprising Texas' largest and most attractive outdoor play ground. A representative of the National Park Service will attend from Washington.

Mr. and Mrs. S. B. McClure visited their son, Billy, in Plainview, Sunday.

Canyon Names
Are Accepted
By D. E. Colp

Palo Duro State Park is no longer a region of unnamed interesting points. The State Park Board, headed by D. E. Colp of San Antonio, has accepted and approved a series of names suggested by a naming committee of which Mrs. J. A. Hill of Canyon is chairman.

Trails in the canyon have been named Kiowa, Quanah Parker, Coronado, McKenzie, and Harrell trails. The first four commemorate the Indians, Spanish and American military periods of the canyon's history. The Harrell trail is to reach from the bottom of the

canyon to the rim and finally to the Harrell Ranch Headquarters. It is named for E. D. Harrell, prominent ranchman of Randall county, who was much interested in the establishment of the park. Mr. Harrell died about 18 months ago. Other names officially approved include Goodnight Lookout, Fortress Cliffs, The Capitol, The Cathedral, Devil's Tombstone, and Chief Satanta.

Chief Satanta was an Indian known as the orator of the Plains. He fought the battles of his fellowmen in the council and legislative halls of the whites.

Miss Helen Helton of Canadian spent the week end in Canyon visiting friends.

Miss Wilma Jo Jones, visited in Canyon this week.

1600 Cattle

(Continued from first page) ning plants located in different parts of the country. A few of the dairy cows bought will be sold to needy families in some parts of the county for milk cows. Some of the cattle that are diseased or otherwise unfit for food are condemned on the farm where bought and are disposed of by the seller under the direction of a government veterinarian who works with the local appraisers.

Randall county farmers are selling their culls and in some instances some pretty good cattle because of a shortage of feed and pasture.

Dairymen are selling about 30% of their herds while a much smaller percentage of the beef cattle are being moved.

Clint Small

(Continued from first page) was called "Tomfoolery."

Deploing the sweep of crime and lawlessness over the state, and the abuse of the pardoning power, Senator Small asked if the voters want to continue the present policy by electing another man who is sworn to carry on the Ferguson policies.

Senator Small charged that some of the candidates were trying to fool the people by advocating impossible reductions in taxes, and the impossible elimination of governmental activities. "Texas wants good, clean, efficient government, but the people who are being served by special departments should pay the expense of these departments," stated the Senator. He believed by careful management that state taxes may be reduced, but not in proportion to the amount stated by some of the candidates.

Senator Small outlined his work for the Panhandle section during his six years in office. He told of his work in connection with the passage of bills which directly affect this section. The Small land bills, the oil and gas legislation, the highway bill. He has written many of the major bills which have been passed during the past six years.

County managers from all over the Panhandle were in Amarillo with Senator Small during the day, and reported of the activities which had been undertaken. Reports from every county indicate that Senator Small will carry the Panhandle above all of his opponents. Senator Small spoke Tuesday night at Lubbock, yesterday at Plainview, and will continue on his trip south. He will make no more speeches in the Panhandle during the first primary.

The Senator came out strong for the educational institutions of Texas, stressing the work of the teachers colleges, especially the West Texas State Teachers College.

Worth A. Jennings
Not a Candidate
in July Primary

The following statement was made yesterday by Worth A. Jennings, who withdrew Monday from the race for County Judge:

I am deeply grateful to my friends, who manifested so much interest in my behalf; but I will not be a candidate in the July Primary.

WORTH A. JENNINGS.

HAS FINE CROP OF
PLUMS IN ORCHARD

G. G. Foster has a very fine crop of plums which he has shown to many citizens. The trees are located on lots south of his home, Sixth Ave. at 15th Street. The trees are very heavily loaded, and some of the fruit has fallen off.

Mr. Foster usually raised a very fine garden, but says he has not had the time to take proper care of it this year.

Many Added to
Membership of
History Group

Mr. and Mrs. Harvey Cash and Newton Harrell are among those who have become life members of the Panhandle-Plains Historical Society during the month of June.

Canyon people who have recently paid annual memberships include Dr. and Mrs. R. A. Neblett, Ima C. Barlow, Robert Foster, and G. G. Foster.

Thirty-six members and five life members have been added during the past 25 days of this month.

The name of Alec Ligertwood, Minship Lodge, Boro'bridge, Yorks, England, was added to the roster on June 6. There is great interest throughout England in the history of the Southwest, according to a recent visitor in Leeds.

E. H. Cleavinger and family of Los Angeles are here visiting at the parental M. E. Cleavinger home, and with other relatives.

CLASSIFIED
ADVERTISING

Classified rates are two cents per word for the first insertion, and one cent per word for each subsequent insertion. This rate applies to all legal notices. All classified advertisements must be paid in advance unless arrangements are made in person to care for the payment of them. Classified ads received through the mail will not be published unless accompanied by the cost of insertion. Word ads intelligently—do not try to save a few cents by leaving out necessary words; tell who, what, where, and, if essential, when and why.
